Proper staff review of the application is dependent upon the accuracy of the information provided. Any inaccurate or inadequate information provided by the applicant or agent may delay the review and /or cause the application to be returned. Upon certification that the application is complete and payment of required fees has been received, the application will be forwarded for review and recommendation.

### **ZONING CHANGE PROCESS:**

- **Processing Time For Applications:** Approximately 45 to 65 days. Cases that require environmental reports due to the property being over the Edward's Recharge Zone or due to the proposed use involving chemical manufacturing or processing will require additional days for preparation of the report by the appropriate agency. Cases within the Airport Awareness Zone Areas will require additional days for review by the Aviation Department.
- **Public Hearing Process:** A change in zoning classification entails two public hearings: one conducted by the Zoning Commission and one by the City Council. The applicant and or his representative must be present at both hearings to explain the purpose for the requested zoning change. If no one is present at the public hearings to explain the request, the zoning change may be denied or postponed. In the event of a postponement, the applicant will be assessed a postponement fee before the request is rescheduled.
- **Scheduled Meeting for application:** The application will be set for the next available Zoning Commission meeting after the Completeness Review has been completed and the application has been approved for submittal. The deadline date for filing a **complete application** is **4:30 PM Friday**, 30 days prior to the Tuesday public hearing date.
- **Schedule and Purpose of Zoning Commission Meetings:** The Zoning Commission meets on the first and third Tuesdays of the month at 1:00 PM in the City Council Chambers at 103 Main Plaza in the Municipal Plaza Building. The hearing provides an opportunity for the proponents and opponents of a request to voice their opinions on the proposed change. After hearing the issues raised at the hearing and receiving a recommendation from the Development Services Department staff, the Commission will render a decision in the form of a recommendation to the City Council.
- **Schedule and Purpose of City Council Meetings:** The City Council hearings are scheduled for 2:00 PM on the second and fourth Thursday of the month, in the City Council Chambers in the Municipal Plaza Building at 103 Main Plaza. The public hearing allows the City Council an opportunity to hear facts relative to the pending request. The City Council has the final decision on zoning changes and will render a decision at the hearing to approve/deny in total, or in part, the requested change. If a change is approved, and ordinance is passed amending the official zoning map to reflect the new classification.
- **It is important that the applicant or his/her representative be present at the hearings to present their proposal and answer any questions from the Commission and Council.**
